 - (a) an individual who is not a serving member of the Assembly who is appointed to the office of Attorney General in accordance with the provisions of the Justice (Northern Ireland) Act 2002.

In that instance, any period during which the individual is in receipt of an office holder's salary (which in the case of the Attorney General shall be construed to mean the salary that is payable to such an appointee under the Justice (Northern Ireland) Act 2002) shall be deemed pensionable for the purposes of all benefits payable under the Scheme, unless expressly indicated to the contrary.

2. In this Scheme "period of tenure of a qualifying office" means any continuous period for which a person is:

C3. Right to opt out for members of the Assembly

2. Subject to paragraph 3, the effective opt-out date in respect of a member is whatever date the Trustees shall determine to be the earliest practicable date after that on which they receive from them written notice of the exercise of the option.
3. If the Trustees receive the written notice not more than three months after the date:
 - (a) of an election at which the person was elected for the first time to membership of the Assembly;
 - (b) on which the person first became a member of the Assembly under section 35 of the Northern Ireland Act 1998,

the effective opt-out date is the day on which they became a member of the Assembly and any contributions deducted from their salary as a member under article D1 or CARE Rule 2 (as appropriate) since that date shall be repaid to them.

4. A member of the Assembly who has exercised an option under this article not to be a participating member in this Scheme is referred to as “an opted-out member”. Such person shall only be able to rejoin the Scheme on the next occasion after a subsequent election.
5. A Transitionally Protected Member who elects to become an opted-out member on or after 6 May 2016, may only be permitted to rejoin the Scheme as a participating member of the CARE Section. All Transitionally Protected Members shall cease to accrue Pre-CARE benefits and shall start to accrue CARE benefits on and after 6 May 2021.
6. A participating member who became an opted-out member prior to 6 May 2016, may only be permitted to rejoin the Scheme on or after that date as a participating member of the CARE Section.

C4. Right to opt out for office holders

1. An office holder (including for the avoidance of doubt a CARE participant or Transitionally Protected Member) who is a participating member may exercise an option in writing under this article not to be a participating office holder in this Scheme. For the avoidance of doubt, the Attorney General shall be deemed an office holder even though he or she may not have been a participating member.
2. Subject to paragraph 3, the effective opt-out date in respect of an office holder is whatever date the Trustees shall determine to be the earliest practicable date after that on which they receive from them written notice of the exercise of the option.
3. If the Trustees receive the written notice not more than three months after the date of commencement of a period of tenure of a qualifying office, the effective opt-out date is the date on which that period of tenure commenced and any contributions deducted under article D1 or CARE Rule 2 from their office holder’s salary in respect of that period of tenure shall be repaid to them.
4. An office holder who has exercised an option under this article not to be a participating office holder or who has exercised the option under article C3 is referred to in this Scheme as “an opted-out office holder”.

C5. Right to opt in for members of the Assembly

An opted-out member (including for the avoidance of doubt a CARE participant or Transitionally Protected Member) may apply to rejoin the CARE Section of the Scheme as a participating member as from the date on which they became a member of the Assembly following a subsequent election to the Assembly (“the effective opt-in date”) by giving notice in writing to the Trustees within a period of three months beginning with the effective opt-in date, provided that:

- (a) they pay to the Trustees within 28 days of their acceptance of their application, or within such longer period as the Trustees may determine, the sum certified by the Trustees as being the amount which would have been deducted from their salary as a member under CARE Rule 2 between the effective opt-in date and the first date thereafter when a deduction from that salary under CARE Rule 2 is made; and
- (b) at the effective opt-in date, at least three months had elapsed since they were last elected to membership of the Assembly.

C6. Right to opt in for office holders

An opted-out office holder (including for the avoidance of doubt a CARE participant or Transitionally Protected Member) who is a participating member may apply to rejoin the CARE Section of the Scheme as a participating office holder as from the date of commencement of a new period of tenure of a qualifying office (“the effective opt-in date”) by giving notice in writing to the Trustees within a period of three months beginning with the effective opt-in date, provided that they pay to the Trustees within 28 days of their acceptance of their application, or within such longer period as the Trustees may determine, the sum certified by the Trustees as being the amount which would have been deducted from their office holder’s salary under CARE Rule 2 between the effective opt-in date and the first date thereafter when a deduction from that salary under CARE Rule 2 is made.

C7. Right to opt for lower accrual rate

This article C7 shall only apply in respect of reckonable service completed by reference to Pre-CARE benefits.

1. Under articles E and F, the rate at which pensions accrued under this Scheme was increased from 1/50th of the relevant final salary (the “lower accrual rate”) to 1/40th of the relevant final salary (the “higher accrual rate”) for periods of reckonable service falling after 31 March 2009. However, any participant in the Scheme at 31 March 2009 had the right to opt for continuing participation in the Scheme at the lower accrual rate, by giving written notice to the Trustees no later than 11 May 2009.
2. A participant first elected to the Assembly after 31 March 2009, could opt for participation in the Scheme at the lower accrual rate, by giving written notice to the Trustees no later than three months after the date of appointment as an Assembly member.
3. If a participant in the Scheme, whether first elected to the Assembly before or after 31 March 2009, was accruing pension at the higher accrual rate, that participant could, at any subsequent Assembly election, opt to participate at the lower accrual rate in respect of service after the date of that election. Such an option could be exercised by giving written notice to the Trustees within three months of the date of the election.

4. If a participant was both a participating member and a participating office holder, any option for the lower accrual rate had to be exercised in respect of both member and office holder reckonable service.
5. A Transitionally Protected Member shall be permitted to change from the higher accrual rate to the lower accrual rate once only in the period up until 6 May 2021.

PART D

CONTRIBUTIONS

D1. Contributions by participants

This article D1 shall apply to any periods of reckonable service completed in respect of Pre-CARE benefits only.

1. Subject to paragraph 3 and article D2 in all other cases, there shall be deducted from each payment in respect of salary as a member made to a participating member by the sum specified below; and all sums so deducted shall be paid into the Fund:
 - (a) in relation to a salary payment made in respect of a period of reckonable service ending prior to 6 May 2016, at a rate of 7% for the lower accrual rate (as described in article C7) or 12.5% of the salary payment for the higher accrual rate (as described in article C7);
 - (b) in relation to a salary payment in respect of a period of reckonable service beginning on or after 6 May 2016 for Transitionally Protected Members, 9% for the lower accrual rate or 12.5% of salary payment for the higher accrual rate, subject always to the provisions of article C7.5.

A participating member who ceases to be a Transitionally Protected Member on or after 6 May 2016 may only rejoin the CARE Section of the Scheme for future service benefits and shall be required to pay contributions in accordance with the requirements of Schedule 4.

2. Subject to article D2, there shall be deducted from each payment in respect of office holder's salary made to a participating office holder by the sum specified below; and all sums so deducted shall be paid into the Fund:

in relation to a salary payment in respect of a period of reckonable service beginning on or after 6 May 2016 for Transitionally Protected Members, 9% for the lower accrual rate or 12.5% of salary payment for the higher accrual rate, subject always to the provisions of article C7.5.

3. For the purposes of calculating Pre-CARE benefits only, where a person's aggregate period of reckonable service as a participating member exceeds that which would give rise to the maximum pension allowed in respect of that person as a participating member under article F5, no deduction for contributions shall be made under this article from payments in respect of their salary as a member.
4. If any salary from which a deduction is required to be made under this article is not drawn, there shall be set aside, out of moneys available for the payment, a sum equal to the relevant deduction; and any sum so set aside shall be paid into the Fund. For the avoidance of doubt, a person who is accruing Pre-CARE benefits attributable to reckonable service completed on or after 6 May 2016, who voluntarily elects not to draw their full salary as a member shall be required to pay contributions under article D1 as if they had drawn their full salary as a member.

D2. Earnings cap

Where the annual salary of a participating member who is accruing either Pre-CARE benefits or CARE benefits as:

- (a) a member of the Assembly; or
- (b) both a member of the Assembly and an office holder

exceeds the permitted maximum, the contributions deducted from that annual salary shall be limited to the applicable contribution rate percentage payable by the individual under article D1 or CARE Rule 2 (as appropriate) of that permitted maximum and where sub-paragraph (b) of this article D2 applies their contributions under article D1 or CARE Rule 2 (as appropriate) in respect of their office holder's salary shall be reduced before their contributions under that article in respect of their salary as a member.

D3. Contributions from the Consolidated Fund

1. In respect of each financial year a Consolidated Fund contribution shall be paid into the Fund out of money appropriated by Act of the Assembly for that purpose.
2. The amount of the Consolidated Fund contribution to be paid in respect of any financial year shall be calculated in accordance with the recommendations for that year contained in a report under article Q2 by the Actuary appointed under article Q1.

PART E

RECKONABLE SERVICE

E1. Reckonable service

1. For the purposes of calculating both Pre-CARE benefits and CARE benefits, subject to articles N1 (refunds) and P4 (effect of transfers out) in relation to any person, any period during which he or she was a member of the Assembly and has made contributions to the Fund is a period of reckonable service as a participating member; and in this Scheme “actual period of reckonable service as a participating member”, in relation to a person, means the period referred to in this paragraph or (if more than one) the aggregate of such periods where the member has chosen to aggregate.
2. For the purposes of calculating both Pre-CARE benefits and CARE benefits, subject to articles N1 (refunds) and P4 (effect of transfers out), any period during which a person is a participating office holder is a period of reckonable service as a participating office holder; and in this Scheme “aggregate period of reckonable service as a participating office holder”, in respect of a person, means their period (or, if more than one, the aggregate of that person’s periods) of reckonable service as a participating office holder.
3. For the purposes of calculating both Pre-CARE benefits and CARE benefits, in respect of a person, their aggregate period of reckonable service as a participating member is their actual period of reckonable service as a participating member together with any increases in reckonable service attributable to sums received by way of transfer value.
4. (i) For the purposes of calculating Pre-CARE benefits only (including for the avoidance of doubt for Transitionally Protected Members), aggregate period of reckonable service at the higher accrual rate (whether as a participating member or as a participating office holder) refers to the period of reckonable service as such a participant after 31 March 2009 in respect of which pension benefits for the member were accruing at the higher accrual rate of 1/40th of relevant final salary;
(ii) For the purposes of calculating Pre-CARE benefits only (including for the avoidance of doubt for Transitionally Protected Members), aggregate period of reckonable service at the lower accrual rate refers to reckonable service prior to 1 April 2009 and to any reckonable service after that date where the participant had opted for pension benefits to accrue at the lower accrual rate of 1/50th of relevant final salary (whether as a participating member or as a participating office holder).
5. For the purposes of this Scheme, a period of reckonable service is measured in years and fractions of a year.

6. For the purposes of calculating both Pre-CARE benefits and CARE benefits, any break in a participant's period of reckonable service in excess of 28 consecutive days shall constitute a break in reckonable service and the participant shall be deemed to be a deferred pensioner for the purposes of calculating his or her accrued benefits by reference to that period of reckonable service.

PART F

PENSION ENTITLEMENT

F1. Entitlement of pensioner members

In relation to any periods of reckonable service completed in respect of Pre-CARE benefits only and subject to the provisions of this Scheme, a person who ceases to be a participating member and who has reckonable service as a participating member under Part E shall be entitled to receive a pension under this article as from the time when the following conditions are fulfilled in respect of him or her:

- (a) he or she is not a member of the Assembly; and
- (b) he or she has attained the age of 65.

F2. Entitlement of pensioner office holders

1. In respect of any periods of reckonable service completed in respect of Pre-CARE benefits only and subject to the provisions of this Scheme, a person who:
 - (a) ceases to be a participating office holder; and
 - (b) has reckonable service as a participating office holder under Part E,shall be entitled to receive a pension under this article as from the time when the conditions specified in paragraphs (a) and (b) of article F1 are fulfilled in respect of them.
2. A person may be entitled to a pension under both articles F1 and this article; and the amounts of the two pensions shall be cumulative.

F3. Amount payable to pensioner members

1. In respect of Pre-CARE benefits only, and subject to articles F5 (permitted maximum pensions), G1 (commutation), H1 (early retirement) and J1 (ill-health pensions), the annual amount of the pension payable to a person under article F1 shall be:
 - (a) 1/50th of the relevant final salary multiplied by his or her aggregate period of reckonable service at the lower accrual rate, plus
 - (b) 1/40th of the relevant final salary multiplied by his or her aggregate period of reckonable service at the higher accrual rate.
2. In paragraph 1 “the relevant final salary” means:
 - (a) in relation to a person whose actual period of reckonable service as a participating member was 12 months or more, the amount of a member’s ordinary salary for the last 12 months (whether continuous or not) comprised in that actual period of reckonable service; and
 - (b) in relation to a person whose actual period of reckonable service as a participating member was less than 12 months, the amount of a member’s ordinary salary for the period (whether continuous or not) which constituted that actual period of reckonable service multiplied by 365 and divided by the number of days in that period,and in either case excludes any amount in excess of the permitted maximum.
3. In paragraph 1 “aggregate period of reckonable service” refers to the person’s aggregate period of reckonable service as a participating member.

F4. Amount payable to pensioner office holders

This article F4 shall apply to any periods of reckonable service completed in respect of Pre-CARE benefits only.

1. Subject to articles F5 (permitted maximum pensions), G1 (commutation), H1 (early retirement) and J1 (ill-health pensions), the annual amount of the pension payable to a person under article F2 shall be calculated in accordance with paragraphs 2 to 5 of this article.
2. For each year of which the whole or any part was comprised in the person’s aggregate period of reckonable service as a participating office holder the following amounts shall be calculated:

- (a) an amount equal to the sums deducted under article D1.2 in respect of that year from the person’s office holder’s salary calculated separately for the periods of reckonable service at the lower accrual rate and reckonable service at the higher accrual rate.
 - (b) an amount equal to the aggregate amount which fell to be deducted under article D1.1 from a participating member’s ordinary salary; and for each such year there shall be calculated the amount (“the contribution factor”) which is equal to the amount calculated under sub-paragraph (a) divided by the amount calculated under sub-paragraph (b).
3. For each such year, a contribution credit shall be calculated separately for pensions accruing at the lower accrual rate and pensions accruing at the higher accrual rate. The contribution credit applicable to the lower accrual rate shall be determined by multiplying 1/50th of relevant final salary by the amount of the contribution factor for that year, and the contribution credit for the higher accrual rate shall be obtained by multiplying 1/40th of the relevant final salary by the amount of the contribution factor for that year.
4. The annual amount of the pension shall be an amount equal to the sum of the contribution credits for the lower accrual rate and the higher accrual rate, as calculated under paragraph 3 above.
5. In paragraph 3 “the relevant final salary” means:
- (a) in relation to a person whose aggregate period of reckonable service as a participating office holder was 12 months or more, the amount of a member’s ordinary salary for the last 12 months (whether continuous or not) comprised in that period of reckonable service; and
 - (b) in relation to a person whose aggregate period of reckonable service as a participating office holder was less than 12 months, the amount of a member’s ordinary salary for the period (whether continuous or not) which constituted that period of reckonable service multiplied by 365 and divided by the number of days in that period,

and in either case excludes any amount in excess of the permitted maximum.

F5. Permitted maximum pensions

1. The annual amount of the pension payable under article F1 or F2 when calculating Pre-CARE benefits only shall not exceed whichever is the least of:
- (a) the amount equal to two thirds of the multiple; or
 - (b) the amount equal to two thirds of the permitted maximum.

2. In the case of a person who is entitled to a pension under both articles F1 and F2, the amount of the two pensions together shall not exceed two thirds of the permitted maximum and, if they do, the pension payable under article F2 shall be reduced before the pension payable under article F1.

F6. Duration of pensions

1. Subject to the following provisions of this article and article J4, a pension under articles F1 or F2 or CARE Rules 3 and 4 (including an early retirement pension or an ill-health pension by virtue of Part H or CARE Rule 7 or Part J or CARE Rule 8) shall continue for the life of the person to whom it is payable.
2. Subject to paragraph 3, no such pension shall be payable to a person in respect of any period during which they are a member of the Assembly or a candidate for election to the Assembly.
3. For the purposes of this article a person who ceases to be a member in consequence of the dissolution of the Assembly shall be treated as a candidate for election unless and until they give notice in writing to the Trustees that they are not seeking re-election.
4. This article shall not apply for the purposes of calculating the amounts mentioned in article M2.3 or 4(b) or the amounts payable under M3.2, M4.2 or M7 (five-year guarantee).

F7. Pension Increases

1. In respect of any periods of reckonable service completed by reference to Pre-CARE and CARE benefits, the Trustees shall increase:
 - (a) any part of a pension in payment in excess of the GMP, by the rate and percentage increase prescribed by the Pension Increase Legislation; and
 - (b) that part of the GMP which is attributable to earnings for the tax years from 1988-1989 to 1996-1997, in accordance with the requirements of section 109 of the Pension Schemes Act.

A pension which has been in payment for less than one year may be increased by less than the full increase, but shall always be increased by at least one twelfth of the full increase for each complete month since the pension commenced.

F8. Deferred Revaluation prior to normal retirement date

1. The pension attributable to Pre-CARE benefits (in excess of the GMP) for a participant who leaves reckonable service before normal retirement date shall be increased before payment, by the rate and percentage increase prescribed by the Pension Increase

Legislation. Revaluation of the GMP element of the pension shall accord with the requirements of the Pension Schemes Act.

2. The pension attributable to CARE benefits for a CARE participant who leaves reckonable service before normal retirement date calculated in accordance with CARE Rules 5 and 6 based on the total of that person's CARE Pensions for all CARE Years up to the date of leaving reckonable service in the CARE Section shall be increased before payment by the rate and percentage increase prescribed by the Pension Increase Legislation.

PART G

COMMUTATION

G1. Commutation into lump sum

1. Any person who is entitled to receive a pension under Part F or as appropriate CARE Rules 3-6 (including an ill-health pension payable by virtue of Part J or CARE Rule 8) or who applies to receive a pension under Part H or CARE Rule 7 may, before the first instalment of the pension is paid, give notice to the Trustees that they desire to commute into a lump sum such part of the pension as is specified in the notice.
2. Where a person has given notice under paragraph 1, the Trustees shall determine:
 - (a) what lump sum would be actuarially equivalent to the part of the pension specified in the notice; and
 - (b) what reduction of the annual amount of their pension would be appropriate in consideration of the payment of that lump sum,

and, subject to the following provisions of this article, a lump sum of the amount so determined shall be paid to that person and the annual amount of their pension shall be reduced accordingly.

3. Any lump sum or reduction to be determined under paragraph 2 shall be a sum or reduction either certified by the Actuary appointed under article Q1, or calculated in accordance with tables to be prepared from time to time by that Actuary, as fulfilling the conditions specified in paragraph 2(a) or (b), as the case may be.
4. If, in the case of a person who has given notice under paragraph 1, the amount of the lump sum determined in accordance with paragraphs 2 and 3 would exceed the maximum commutable sum:

- (a) the amount of the lump sum so determined shall be diminished by such proportion as is necessary to make it equal to the maximum commutable sum; and
 - (b) the reduction of the annual amount of their pension under this article shall be diminished by the like proportion.
5. For the purpose of paragraph 4, the maximum commutable sum shall be an amount determined by the Trustees, but not exceeding the maximum allowed as the “pension commencement lump sum” defined in Schedule 29 to the Finance Act 2004 (or amendment thereof).

G2. Trivial commutation

Where the benefit entitlement under this Scheme for a member (or in respect of any member) falls within the limits permitted by HMRC for commuting pension benefits on the grounds of triviality, in accordance with the Finance Act 2004 (or amendment thereof) or in the case of de minimis benefits in accordance with The Registered Pension Schemes (Authorised Payments) Regulations 2009, the Trustees may, at their discretion, pay the value of the benefit entitlement of the member (or in respect of the member) as a single lump sum payment. The lump sum applicable is to be paid to the member or, in the event of their death, to a beneficiary of the member or to the member’s estate or personal representatives. The amount of the lump sum payable shall be determined by the Trustees, having taken actuarial advice on the equivalence of the lump sum benefit to the benefits otherwise payable under the Scheme. The Trustees may deduct income tax from the lump sum payable, if required to do so by HMRC. Payment of the lump sum benefit under this article will extinguish all rights of the member and their beneficiaries to any other benefits under this Scheme.

G3. Serious ill-health commutation

If the requirements for a serious ill-health lump sum as set out in the Finance Act 2004 are met, the Trustees may at their discretion pay a lump sum to or in respect of the Member after taking actuarial advice. Payment of the lump sum benefit under this article will extinguish all rights of the member and their beneficiaries to any other benefits under this Scheme.

PART H

EARLY RETIREMENT AND EARLY ABATED PENSIONS

H1. Early retirement for members

This article H1 shall apply to the calculation of early retirement pensions by reference to periods of reckonable service completed in respect of Pre-CARE benefits only.

1. (a) Any person who was first appointed to the Assembly prior to 1 April 2009 and has ceased to be a member of the Assembly may apply in writing to the Trustees for an immediate pension to commence under this article prior to the attainment of age 65, provided that the person has attained the age of 50, and has an actual period of reckonable service as a participating member which, excluding service on or after 1 April 2012, amounts to not less than 15 years (hereinafter referred to in respect of a person as his “qualifying period”). Where the individual has less service than the qualifying period as at 1 April 2012, their pension benefits if paid early will be dealt with under article H.1.1(b).

For the avoidance of doubt, a person who meets the (15 years plus) qualifying period criteria under article H.1.1(a) in respect of service completed prior to 1 April 2012, shall have that part of their pension entitlement attributable to service completed prior to 1 April 2012 calculated in accordance with article H.1.4 and abated under Schedule 2 and any pension that is payable in respect of that individual’s post 31 March 2012 service, shall be dealt with under article H.1.1(b) below.

- (b) Any person who has ceased to be a member of the Assembly and has attained the age of 55, and who is not eligible for early retirement under article H.1.1(a) above or chooses not to apply under that provision, may apply in writing to the Trustees for an immediate pension to commence under this article prior to the attainment of age 65, provided that the person applies on or after 7 March 2007 and has attained the age of 55. Any pension benefits brought into payment prior to age 65 by virtue of this article H.1.1(b) shall be reduced for early payment in accordance with article H.1.5.
2. If the Trustees are satisfied that the person does not intend to stand for re-election to the Assembly at any future date, that person shall be entitled to receive a pension under article F1 as if they had attained the age of 65 on the date of their application or such other date as may be specified. The annual amount of the pension to which they are entitled, both before and after they attain the age of 65, shall be the amount calculated in accordance with article F3, but abated in accordance with the

provisions of H1.4 or H1.5 below, as applicable. The person shall be entitled to opt for commutation as part of their pension under Part G.

3. For the purpose of article H1(a), any service of a person as a member of the European Parliament or as a member of the House of Commons may count towards their qualifying period to the extent that it is not concurrent with service as a member of the Assembly.
4. Where a person applies for an early retirement pension under the provisions of H1.1(a) above, the annual amount of the pension determined under article F3 shall be abated in accordance with the provisions of Schedule 2. For the avoidance of doubt and with effect from 1 April 2012, the abatement provisions set out in Schedule 2 shall apply in calculating the pension entitlement of persons described under article H.1.1(a) who as at 1 April 2012 had met the relevant “qualifying period” criteria, by reference only to that part of their pension which is attributable to pre-1 April 2012 service.
5. Where a person applies for an early retirement pension under the provisions of H1.1(b) above, the annual amount of the pension under article F3 shall be reduced by a factor determined by the Trustees, having taken actuarial advice from the Actuary appointed under article Q1, to reflect the longer period for which the pension is expected to be paid.

H2. Early retirement for office holders

This article H2 shall apply to the calculation of early retirement pensions by reference to any period of reckonable service as an office holder completed in respect of Pre-CARE benefits only.

A person who is entitled to receive a pension under article H1 (which for the avoidance of doubt shall include the Attorney General despite he or she not having been a participating member) who is or has been a participating office holder shall (subject to Part G (commutation)) be entitled also to receive a pension under article F2, payable from the same date as the pension payable under H1. The annual amount of the pension under this article shall be calculated in accordance with article F4 and then abated in accordance with Schedule 2 for persons subject to H1.1(a) above, or reduced in accordance with article H1.5 above for persons applying under article H1.1(b).

PART J

ILL-HEALTH PENSIONS

J1. Ill-health pensions based on service as a participant

This article J1 shall apply to the calculation of ill-health early retirement pensions for reckonable service completed by participating members for Pre-CARE benefits completed prior to the CARE Commencement Date.

1. A participant who because of ill health ceases to be a participating member before attaining the age of 65 may apply to the Trustees for an early pension under article F1 if at the time when they so cease ("the material time") they would have become entitled to receive a pension under that article but for their not having attained the age of 65.
2. A participant who because of ill health ceases to be a participating member before attaining the age of 65 may apply to the Trustees for an early pension under article F2 if at the time when they so cease ("the material time") they would have become entitled to receive a pension under that article but for their not having attained the age of 65.
3. If on an application under paragraph 1 or 2 the Trustees are satisfied:
 - (a) that the applicant does not intend to seek re-election to the Assembly;
 - (b) that their ceasing to be a participating member was a direct consequence of their ill health;
 - (c) that their ill health is such as would permanently prevent them from performing adequately the duties of a member of the Assembly and also permanently prevent them from performing any gainful work (as defined in article J2.4); and

that they will continue to be incapable of carrying out the occupation or of performing any gainful work, the applicant shall be entitled to receive a pension under article F1 or F2, as the case may be, as from the material time.
4. A person who, if they were to cease to be a participating member at a particular time in the future because of ill health, would become entitled to make an application under paragraph 1 or 2, may make such an application before that time, specifying in it the time when they propose so to cease, and where on such an application the Trustees are satisfied that, if the applicant so ceases at the time specified therein, they will be entitled under paragraph 3 to receive a pension under article F1 or F2, as appropriate, as from that time, the Trustees shall give them notice in writing to that effect.
5. The annual amount of a pension payable under article F1 to a person by virtue of this article shall (subject to Part G (commutation)) be calculated in accordance with article F3, except that the calculation of the individual's period of reckonable service shall be

increased by a period equal to the period between their ceasing to be a participating member and the earlier of age 65 or the date when their current mandate in the Assembly will end, provided that the following shall be taken into account:

the period equal to the period between their ceasing to be a participating member and the earlier of age 65 or the date when their current mandate will end shall be taken into account, but apportioned between reckonable service at the higher and lower accrual rates in the same proportion as the ratio of reckonable service at the lower accrual rate to reckonable service at the higher accrual rate that applies in respect of service as a member of the Assembly prior to the date of ill-health retirement.

CARE Rule 8.6 shall apply to any applicant who has completed periods of reckonable service attributable to both Pre-CARE benefits and CARE benefits.

6. The annual amount of a pension payable under article F2 to a person by virtue of this article shall (subject to Part G (commutation)) be calculated in accordance with article F4.
7. For the purposes of this article a person who has ceased to be a participating member in consequence of the dissolution of the Assembly shall be treated as having so ceased because of ill health if, but only if, they satisfy the Trustees that as a direct consequence of their ill health they did not seek re-election to the Assembly after the dissolution.
8. For the avoidance of doubt, and with effect from 5 July 2010, the annual amount of an ill-health pension payable under article F1 to an individual who is serving as a dual mandate member at the time they retire by virtue of this article J1, shall be calculated in accordance with article F3, and at the time when they so retire it shall be assumed that they had attained age 65, but only for the purposes of enabling them to receive their accrued pension benefits immediately without reduction for early retirement. For the purposes of calculating the member's deferred benefits, the salary linkage and revaluation basis outlined in the definition of "dual mandate member" shall be applied.

J2. Ill-health pensions for former members or office holders

This article J2 shall apply to the calculation of ill-health early retirement pensions for periods of reckonable service by reference to Pre-CARE benefits only completed by a participating office holder or former members prior to the CARE Commencement Date.

1. A person who because of ill health has, while neither a member of the Assembly nor a candidate for election to it, retired from gainful work before attaining the age of 65 may apply to the Trustees for an early pension under article F1 or F2, if at the time when they so retired they would have become entitled to receive a pension under article F1 or F2, as the case may be, but for their not having attained the age of 65.

2. If on an application under this article the Trustees are satisfied:
 - (a) that the applicant does not intend to seek election to the Assembly;
 - (b) that their retirement from gainful work was a direct consequence of their ill-health; and
 - (c) that their ill health is such as would prevent them from performing adequately the duties of a member of the Assembly, the applicant shall, as from the date on which the Trustees are so satisfied, be entitled to receive a pension under the relevant article.
3. Where an application is made under this article, the Trustees shall by notice in writing inform the applicant whether they are so satisfied as mentioned in paragraph 2 and, if they are so satisfied, shall state the date as from which the pension payable to them by virtue of this article is payable in accordance with that paragraph.
4. In this article “gainful work” means work under a contract of employment, or as the holder of an office, or as a self-employed person engaged in a business or profession, being in any case work from which the person concerned gains the whole or a substantial part of their income.

J3. Medical evidence

This article J3 shall apply to any periods of reckonable service completed in respect of both Pre-CARE and CARE benefits.

1. Every application under this Part must be accompanied by evidence from a medical practitioner of the applicant’s state of health.
2. In the case of any such application the Trustees will require the applicant to undergo a medical examination by an independent medical practitioner nominated by the Trustees for the purpose; and the fees for any such examination shall be borne by the Trustees or the applicant, as the Trustees may determine. If the applicant refuses to undergo the medical examination, the Trustees may refuse the ill-health application.
3. When considering an application under this Part as to whether the individual is incapable of carrying on his or her duties, the Trustees may take account of the views of any registered medical practitioner nominated by the Trustees as to the potential impact of any medical treatment that the individual could undergo.

J4. Trustees' power to review ill-health pensions

This article J4 shall apply to any periods of reckonable service completed in respect of both Pre-CARE and CARE benefits.

1. The Trustees may at any time review the award of an ill-health pension made under this Part if:
 - (a) the recipient of the pension is under normal retirement date; and
 - (b) the Trustees have reason to believe that the recipient of the pension has recovered to such an extent that, were a fresh application for an ill-health pension to be made at that time, the ill-health pension would not be granted.
2. As part of any review under this article the Trustees will require the recipient of a pension to undergo a medical examination by an independent medical practitioner nominated by the Trustees for the purpose; the cost of any such examination shall be borne by the Trustees.
3. If on a review under this article the Trustees conclude that a person receiving an ill-health pension has recovered to such an extent that, were a fresh application for an ill-health pension to be made at the date of the review, the ill-health pension would not be granted, the pension shall cease to be payable as from such date as the Trustees may by notice in writing to the recipient specify (not being less than one month from the date on which the notice is given).
4. When conducting a review as to whether the individual remains incapable of carrying on the duties of a member of the Assembly, the Trustees may take account of the views of any registered medical practitioner nominated by the Trustees as to the potential impact of any medical treatment that the individual could undergo.
5. Where the Trustees have terminated an ill-health pension under this article J4 or CARE Rule 8, the Trustees shall (subject to compliance with the preservation requirements of the Pension Schemes Act) determine the level of pension that shall be payable to the individual from the date when he or she fulfils the retirement conditions in article F1 or CARE Rule 3. The Trustees may reduce the amount of pension payable under article F2 or CARE Rule 4, in such manner as the Actuary recommends, to take into account any lump sum received by the individual under Part G at the time he or she originally retired on ill health under this Part J or CARE Rule 8.
6. The Trustees may determine that an individual who refuses to be examined in accordance with article J4.2 (including for CARE participants), or who otherwise unreasonably fails to co-operate with a review, is no longer to be entitled to an ill-health pension from the Scheme under this Part J or CARE Rule 8.

PART K

SURVIVING SPOUSES AND CHILDREN

K1. Pensions for surviving spouses

This article K1 shall apply to the calculation of surviving spouses' pensions for the purposes of calculating Pre-CARE benefits and CARE benefits.

1. Subject to the following provisions of this article, the surviving spouse of a person who was at the time of their death a participant, a pensioner or a deferred pensioner shall be entitled to receive a pension under this article.
2. The annual amount of a pension payable under this article shall be five eighths of the basic or prospective pension or pensions of the deceased when calculating Pre-CARE benefits and when calculating CARE benefits, the annual amount of pension shall be three eighths of the basic or prospective pension or pensions of the deceased.

Where the deceased had completed periods of reckonable service attributable to both Pre-CARE benefits and CARE benefits, his or her surviving spouse shall receive an annual pension from each such tranche of reckonable service as is calculated in accordance with the preceding paragraph.

3. Subject to paragraphs 4 and 5, a pension payable under this article shall continue for the surviving spouse's life or until their remarriage; but in the case of remarriage the Trustees may, if they think fit, at any time direct that the pension shall be restored if satisfied that the subsequent marriage has been terminated or that there are exceptional reasons for the payment of the pension notwithstanding the subsistence of that marriage.
4. 3. If the Trustees receive notice in writing of any claim against the estate of the deceased at any time before they have made a full payment under paragraph 1, then, except where the sum to be paid appears to them to be *bona vacantia*, the Trustees shall not make any, or (as the case may be) any further, payment under that paragraph to any person other than the personal representatives of the deceased until the claim is satisfied or withdrawn.

S3. Payments due to persons suffering from mental disorder

Article 30 of the Mental Health (Northern Ireland) Order 1986 [1986 NI4] (which enables the pension of a person who is incapacitated by mental disorder from managing their own affairs to be applied for the benefit of their self or their dependants instead of being paid to them) shall apply in relation to a pension payable under this Scheme as it applies to a pension payable directly out of money appropriated by Act of the Assembly.

SCHEDULE 3

PENSION SHARING ON DIVORCE

Interpretation

1. In this Schedule:

“dependant” means a person who has been financially dependent on a member of the Scheme and who in the opinion of the Trustees ought properly to receive a benefit under the Scheme in the event of the member’s death whether or not the member has notified the Trustees that he or she wishes that person to be considered as a recipient of such benefits;

“ex-spouse” means an individual to whom a pension credit benefit has been or is to be allocated following a pension sharing order, agreement or equivalent provision;

“ex-spouse participant” is an ex-spouse who participates in the Scheme;

“pension credit” means a credit under section 29(1)(b) of the Welfare Reform and Pensions Act 1999 or under article 26(1)(b) of the Welfare Reform and Pensions (Northern Ireland) Order 1999;

“pension credit benefit” in relation to a scheme, means the benefits payable under the scheme to or in respect of a person by virtue of rights under the scheme attributable (directly or indirectly) to a pension credit;

“pension sharing order” means any order or provision as is mentioned in section 28(1) of the Welfare Reform and Pensions Act 1999 or article 25(1) of the Welfare Reform and Pensions (Northern Ireland) Order 1999.

Administration

2. If a participant’s benefits must be transferred to their ex-spouse as a result of a pension sharing order, the Trustees must comply with the requirements of the Welfare Reform and Pensions (Northern Ireland) Order 1999 when discharging their liability to the ex-spouse.
3. The Trustees may recover charges in respect of their costs in this regard in accordance with the Pensions on Divorce etc (Charging) Regulations (Northern Ireland) 2000.

Transfers-out

4. Subject to paragraph 4 below, the Trustees will transfer an ex-spouse's pension credit benefit to another registered pension scheme of the ex-spouse's choosing, in accordance with the Finance Act 2004. If the ex-spouse fails to provide sufficient information for the Trustees to transfer the ex-spouse's pension credit benefit to another registered pension scheme, the Trustees will (after receiving advice) transfer the ex-spouse's pension credit benefit to another arrangement of the Trustee's choosing.

Ex-spouse participant

5. Where the ex-spouse is an ex-spouse participant, the Trustees may decide that they should be provided with benefits from the Scheme. The Trustees must make provision for the pension credit benefit under the Scheme to be treated as provided separately from any benefits provided under the Scheme for the same individual as a participant or as the dependant of a participant.

Transfers-in

6. The Trustees shall not accept a transfer payment into the Scheme in respect of a pension sharing order.

Death of the ex-spouse

7. If the Trustees intend to discharge their liability to an ex-spouse under a pension sharing order by making a transfer payment to another pension arrangement, but the ex-spouse dies before the transfer payment can be made, the Trustees may instead use all or part of the intended transfer payment to provide benefits in respect of the ex-spouse under the Scheme. These benefits must comply with the Welfare Reform and Pensions (Northern Ireland) Order 1999, and any amount not used for this purpose will form part of the Scheme's assets.

CARE SECTION

Contents

1. Membership and effective date
2. Contributions
3. Entitlement of pensioner members
4. Entitlement of pensioner office holders
5. Amount payable to pensioner members
6. Amount payable to pensioner office holders
7. Early retirement
8. Ill-health pensions

1. **Membership and effective date**

- 1.1. Subject to such provisions of the Scheme which apply to Transitionally Protected Members ending on 6 May 2021, all participants shall be admitted to this CARE Section of the Scheme for the duration of their reckonable service in the Scheme on or after the CARE Commencement Date. The provisions as set out below shall hereinafter be referred to as the CARE Section Rules.
- 1.2. For the avoidance of doubt, a CARE participant who is a participating office holder and also a participating member in the Scheme on or after the CARE Commencement Date shall receive separate pension credits in respect of each such office based on the appropriate office holder's salary for each office as calculated under CARE Rule 4.

2. **Contributions**

- 2.1. Subject to the permitted maximum salary set out in article D2, each CARE participant shall be required to pay 9% of their CARE Salary.
- 2.2. If any salary from which a contribution is required to be made under this CARE Rule 2 is not drawn, the CARE participant shall be required to make their contribution on such lower salary as is actually drawn by that individual.
- 2.3. Any contributions payable from the Consolidated Fund (in respect of the Scheme as a whole) under article D3 shall be based on the actual CARE Salary drawn by a CARE participant.

3. **Entitlement of pensioner members**

- 3.1. A person who ceases to be a participating member in the CARE Section and who has reckonable service under Part E as a participating member in that section of the Scheme on or after the CARE Commencement Date shall be entitled to receive a pension under this CARE Rule 3 as from the time when the following conditions are fulfilled in respect of the individual:
 - (a) they are not a member of the Assembly; and
 - (b) they have attained or passed their normal retirement date.

4. **Entitlement of pensioner office holders**

- 4.1. Subject to the provisions of this Scheme, a person who:
 - (a) ceases to be a participating office holder in the CARE Section; and
 - (b) has reckonable service as a participating office holder in the CARE Section under Part E,

shall be entitled to receive a pension under this CARE Rule 4 as from the time when the conditions specified in paragraphs (a) and (b) of CARE Rule 3 are fulfilled in respect of them.

A person may be entitled to a pension under both CARE Rule 3 and this CARE Rule 4; and the amounts of the two pensions shall be cumulative.

5. **Amount payable to pensioner members**

- 5.1. Subject to article G1 (commutation), CARE Rule 7 (early retirement) and CARE Rule 8 (ill health), a person who satisfies the conditions in CARE Rule 3 above shall be entitled to receive a pension for life equal to the total of their CARE Pensions for each CARE Year comprised in that person's aggregate reckonable service as a CARE participant completed on and after the CARE Commencement Date (together with a proportionate amount for each completed day in any partial CARE Year).
- 5.2. For these purposes, a "**CARE Pension**" for a CARE Year will be one-fiftieth of the participating member's CARE Salary for that period adjusted by the Revaluation Factor.
- 5.3. The "**Revaluation Factor**" means, for each CARE Year, an increase over the period from the CARE Year in which the CARE benefits were earned to 1 April immediately preceding the date on which the CARE participant leaves reckonable service in the CARE Section, such increase being equal to the annual percentage increase in the Consumer Prices Index published on the previous September. A CARE participant who leaves reckonable service part way through a CARE Year, shall only be entitled to a pro-rated Revaluation Factor increase under this CARE Rule 5.3 which shall be applied at the date that the CARE participant leaves reckonable service. For the avoidance of doubt, no Revaluation Factor will be credited to a CARE participant on any 1 April after they have ceased to be in reckonable service under the CARE Section.
- 5.4. Where a CARE participant has also accrued Pre-CARE benefits as a pensioner member, his or her Pre-CARE benefits shall be calculated under article F3, such that the "relevant final salary" under paragraph 2 of that article shall be construed to mean, the last 12 months during which that person was a CARE participant, provided that the two periods of reckonable service were continuous. Where the aggregate period of reckonable service as a CARE participant was less than 12 months, the "relevant final salary" as referred to above shall be taken to mean the amount of a member's ordinary salary for the period which constituted that period of reckonable service multiplied by 365 and divided by the number of days in that period.

- 5.5. Where a CARE participant leaves reckonable service and subsequently rejoins the Scheme, his or her relevant terminal salary for the purposes of retaining the salary link to any accrued Pre-CARE benefits shall be determined as at the date of the first occasion on which he or she leaves reckonable service as a CARE participant.
- 5.6. For the avoidance of doubt, a CARE participant entitled to a pension under this CARE Rule 5 may receive a lump sum in place of part of their CARE Pension in accordance with article G1.

6. **Amount payable to pensioner office holders**

- 6.1. Subject to article G1 (commutation), CARE Rule 7 (early retirement) and CARE Rule 8 (ill health), a person who satisfies the conditions in CARE Rule 4 shall be entitled to receive a pension for life equal to the total of their CARE Pension for each CARE Year comprised in that person's aggregate reckonable service as (an office holder) CARE participant completed (together with a proportionate amount for each completed day in any partial CARE Year).
- 6.2. For these purposes, a "**CARE Pension**" for a CARE Year will be one fiftieth of the office holder's CARE Salary for that period adjusted by the Revaluation Factor as set out in CARE Rule 5.
- 6.3. Where a CARE participant has also accrued Pre-CARE benefits as an office holder, his or her Pre-CARE benefits shall be calculated under article F4, such that the "relevant final salary" under paragraph 5 of that article shall be construed to mean, the last 12 months during which that person was a CARE participant, provided that the two periods of reckonable service were continuous. Where the aggregate period of reckonable service as a CARE participant was less than 12 months, the "relevant final salary" as referred to above, shall be taken to mean the amount of a member's ordinary salary for the period (whether continuous or not) which constituted that period of reckonable service multiplied by 365 and divided by the number of days in that period.
- 6.4. Where a CARE participant leaves reckonable service and subsequently rejoins the Scheme, his or her relevant terminal salary for the purposes of retaining the salary link to accrued Pre-CARE benefits shall be determined as at the date of the first occasion on which he or she left reckonable service as a CARE participant.
- 6.5. For the avoidance of doubt, a CARE participant entitled to a pension under this CARE Rule 6 may receive a lump sum in place of part of their CARE Pension in accordance with article G1.

7. Early retirement for members

- 7.1. A person who ceases to be a CARE participant, may apply to receive an immediate pension under this CARE Rule 7 if they meet the following conditions:
- (a) they are neither a member of the Assembly nor an office holder;
 - (b) they are not a candidate for election to the Assembly; and
 - (c) they have reached the minimum pension age but not yet reached their normal retirement date.
- 7.2. The CARE participant must make an application for early retirement pension under this CARE Rule 7 in writing to the Trustees. The CARE participant shall then be entitled to receive a pension for life calculated in accordance with CARE Rule 5.1 (pensioner members) or CARE Rule 6.1 (office holders) but reduced in respect of each such tranche of pension to reflect early payment in accordance with CARE Rule 7.3 below.
- 7.3. The early retirement pension under this CARE Rule 7 shall be reduced by a factor determined by the Trustees, having taken actuarial advice from the Actuary appointed under article Q1, to reflect the longer period for which the pension is expected to be paid.
- 7.4. A CARE participant entitled to a pension under this CARE Rule 7 may receive a lump sum in place of part of their pension under this CARE Section in accordance with article G1.

8. Ill-health pensions based on service as a CARE participant

- 8.1. A CARE participant who because of ill health ceases to be a participating member before attaining normal retirement date may apply to the Trustees for an early pension under this CARE Rule 8 if at the time when they so cease (“the material time”) they would have become entitled to receive a pension under CARE Rule 3 (pensioner members) but for their not having attained the normal retirement date.
- 8.2. A CARE participant who is a participating office holder who makes an ill-health application may apply to the Trustees for an early pension under this CARE Rule 8 if at the time when they so cease (“the material time”) they would have become entitled to receive a pension under CARE Rule 4 (office holders) but for their not having attained the normal retirement date.
- 8.3. If on an application under CARE Rules 8.1 or 8.2 the Trustees are satisfied:
- (a) that the applicant does not intend to seek re-election to the Assembly;

- (b) that their ceasing to be a participating member was a direct consequence of their ill health;
- (c) that their ill health is such as would permanently prevent them from performing adequately the duties of a member of the Assembly and also permanently prevent them from performing any gainful work (as defined in article J2); and

that they will continue to be incapable of carrying out the occupation or of performing any gainful work, the applicant shall be entitled to receive a pension under CARE Rules 3 or 4 as the case may be, as from the material time.

- 8.4. A CARE participant who, if they were to cease to be a participating member at a particular time in the future because of ill health, would become entitled to make an application under CARE Rule 8.1 or CARE Rule 8.2, may make such an application before that time, specifying in it the time when they propose so to cease, and where on such an application the Trustees are satisfied that, if the applicant so ceases at the time specified therein, they will be entitled under CARE Rule 8.3 to receive a pension under CARE Rule 3 or CARE Rule 4 as appropriate as from that time, the Trustees shall give them notice in writing to that effect.
- 8.5. The annual amount of a pension payable under CARE Rule 3 to a person by virtue of this CARE Rule 8 shall (subject to Part G (commutation)) receive a CARE Pension for life calculated as the sum of:
- (a) the amount calculated as described in accordance with CARE Rule 5.2 (pensioner members) without abatement for early payment; plus
 - (b) an additional amount of the pension calculated as described in CARE Rule 5.2 but ignoring any pension attributable to reckonable service in the CARE Section as an office holder multiplied by the fraction below:

A/B

where

A is the number of whole or part CARE Years from the day after the member's reckonable service ceases to the date which is the earlier of attaining their normal retirement date or the end of their current mandate in the Assembly; and

B is the number of whole or part CARE Years of service in the CARE Section (whether continuous or otherwise) completed by the CARE participant or, if less, the number of years of his or her continuous reckonable service in the CARE Section.

- 8.6. Where the applicant had completed periods of reckonable service attributable to both Pre-CARE benefits and CARE benefits, the enhancement provided under CARE Rule 8.5 shall be determined on the date on which the application for an ill-health pension is made under CARE Rule 8.1.
- 8.7. The annual amount of a pension payable under CARE Rule 4 (office holders) to a person by virtue of this CARE Rule 8 shall (subject to Part G (commutation)) be calculated in accordance with CARE Rule 6 (office holders).
- 8.8. For the purposes of this Rule a person who has ceased to be a participating member in consequence of the dissolution of the Assembly shall be treated as having so ceased because of ill health if, but only if, they satisfy the Trustees that as a direct consequence of their ill health they did not seek re-election to the Assembly after the dissolution.
- 8.9. For the avoidance of doubt, the provisions of articles J3-J4 shall with due alteration for detail such that references to a pension shall be read to mean a CARE Pension apply equally for the purposes of calculating an ill-health pension for an applicant under the CARE Section.
- 8.10. For the avoidance of doubt, the provisions of article J2 shall with due alteration for detail such that references to a pension shall be read to mean a CARE Pension apply equally for the purposes of calculating an ill health pension under this CARE Rule for former members or office holders who have reckonable service in the CARE Section.
- 8.11. A CARE participant entitled to an ill-health pension under this CARE Rule 8 may receive a lump sum in place of part of his or her CARE Pension in accordance with article G1 (commutation).
